foundation up.

Construction & A/E Team

Somerset CPAs

The foundation of our Construction & A/E Team is our strong expertise and experience in the construction, architectural and engineering industries.

Our extensive knowledge comes from team members' years of experience directly in these industries, focused continuing education and successful consulting with similar businesses.

We have a solid commitment to the construction, architectural and engineering industries. It's about substantially more than just the debits and credits. Through our team members' active involvement in industry organizations, we obtain a real understanding of the key issues that affect your business. In addition to traditional services, we focus on providing value-added services to improve systems and controls, identify key performance indicators, set benchmarks and develop performance-based incentive compensation plans and business succession plans. In addition, we regularly provide educational opportunities through seminars/webinars, newsletters and surveys on industry-related topics.

Somerset's Construction & A/E Team provides comprehensive financial solutions and utilizes our industry expertise to bring unique strategies and solutions to you. We are passionate about helping you succeed!

Find out how Somerset's Construction & A/E Team can help take your construction, architectural or engineering firm to the next level. Contact us today at 317-472-2200, 800-469-7206 or info@somersetcpas.com.

Tom Herman, President, Herman & Kittle Properties, Inc.

“Our business has grown, and we needed our accounting firm to be more involved in our business. We went with Somerset five years ago and after the first year, I said choosing Somerset was one of the best business decisions I’ve made. Our business is complicated, but they got up to speed very quickly.”
